Tom Humphries Takes the Bridge

On the first summer like day Tom Humphries figured out what he needed to get back to victory lane. The feature only event had Charlie Ware and Bill Rice on the front row as the field went green with Rice out first. Rice was trying to gap the field but Humphries stayed right on him. Jerald Harris was making his way after the front two first getting by Charlie Ware then Daren Bolac. Humphries was by Rice and was checking out as Harris closed on Rice, Harris went low in to second and the chase was on. The laps were clicking off as Harris kept closing as they went under the white flag they were side by side. Going in to turn one Humphries had a cleaner line and pulled out a car length on Harris and he held it under the waving checkered flag.

At the line it was Tom Humphries, Jerald Harris, Bill Rice, Daren Bolac, Tony Harris, Chris Ware and Charlie Ware.
