Tony Harris Doubles on the Mountain

On a clear summer night Shenandoah kicked off the Memorial weekend race night with a fan meet and greet session, a band playing even a monster truck before sky divers brought the American flags down from the heavens as the National anthem played it was a great prerace evening. The sprinters had heat races early that were won by Bill Rice and Jerald Harris. Bill Rice and Tony paced the field to green and

Rice ways out first and staying low but Tony got a run and on lap three he was first and Anthony Linkenhoker came along. Rice was staying with them but as Jerald Harris was coming on Rice's brakes began to fade and Harris went by. Linkenhoker kept going low to work on Tony Harris lap after lap but he could only stay on his bumper and as he dove low to come along side as the checkered flag was waving he would fall just short for Tony's second win of the year at Shenandoah.

At the line it was Tony Harris, Anthony Linkenhoker, Jerald Harris, Mike Leraas, Bill Rice, Mike Keeton, Josh Perreault and Chris Ware.
